1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Theodosios Thomas on July 29, 2004.

The application has been amended as follows:

IN THE CLAIMS:

The claims have been amended as follows:

Claim 40, last line, last word, "message1" has been changed to -
-message--.

REASONS FOR ALLOWANCE

1. The following is an Examiner's statement of reasons for allowance: Claims 21-40 are considered allowable since when reading the claims in light of the specification, as per In re Donaldson Co., Inc., 29 USPQ 2d 1845, 1850 (Fed. Cir. 1994), and/or In re Sneed, 710 F.2d 1544, 1548, 218 USPQ 385, 388 (Fed. Cir. 1983), none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims including sending a message that identifies a server, using phone number based addressing, and retrieving the attachment from said server by using the

Art Unit: 2661

identification of said server included in the first message, as specified in claims 21, 29, 37.

The Examiner was persuaded by the arguments filed. The applicant argued that the addressing based on a phone number means that the attachments are sent without requiring email or IP addressing capabilities (see e.g., pg. 6-7).

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David R Vincent whose telephone number is 703 305 4957. The examiner can normally be reached on M-TH.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Douglas Olms can be reached on 703 305 4703. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
